DETAILED ACTION

1. Claims 1-3 are pending in the application.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The phrase “an average test drop height point of greater than 2.5 feet as determined by ASTM D5276” in claim 1 is unclear and renders the claims vague and indefinite. It is unclear if this limitation is merely describing the test or that 2.5 feet is the value determined by the test.

The term “Mw/Mn” in claim 1 is unclear and renders the claims vague and indefinite. It is unclear what these abbreviations represent.
